Expertise

- Ethical Hacking & Cybersecurity
- Programming: C/C++, Java, Kotlin, JavaScript (React)
- Web & Technologies: HTML/CSS, Docker, JSON, .env
- Blockchain: Solidity
- Linux Systems (Security & Penetration Testing)
- Photoshop & Graphic Design

Language

- Greek (Native)
- English - C2 (MSU)
- German - A2

Rewards

June 2025 | DUTH Alumni Association

1st Place - "The Future of Cities and Smart Sustainable Solutions"
Smart & Green Building Complexes project integrating IoT-driven monitoring, blockchain-powered security & renewable energy optimization.

June 2021 | Eurobank

Eurobank Excellence Honors Award

Argyrios D. Gkanatsios

Summary

Electrical and Computer Engineering student focused on cybersecurity and offensive security. Experienced in building cybersecurity labs, simulations, and real-world attack environments. IEEE Vice President with strong interest in enterprise security and real-world attack scenarios.

Experience

Campfire Security, Denmark

Cybersecurity Erasmus Intern

Mar 2026 – Apr 2026

- Built hands-on cybersecurity training environments
- Developed realistic Red Team / Blue Team scenarios
- Contributed to enterprise cybersecurity training platforms
- Selected for client-facing training (e.g. Grundfos)

IEEE

Vice President | IEEE DUTH 2023-2025

Education

2007 - 2021

School

Aygoulea Linardatou Microsoft

Showcase School

High School Diploma Grade: 19.3/20

2021 - present

Technical University

Democritus University of Thrace

Integrated Master's in Electrical and Computer Engineering (MEng)

Certifications

Cyber Security Winter School Pro

Hacker Certificate | Campfire Security

Cyber Security Summer School 2025 |

Campfire Security

Ethical Hacking Seminars | Audax

Cybersecurity

Flipper Zero Series (Full / Mastery /

Beyond) | Udemy

ADVANCED KNOWLEDGES, DEEP

DIVE IN C++ | Udemy

ECDL & Microsoft Certified (PowerPoint, Word, Excel)

Photoshop Masterclass | Alexandros

Karpas
